Find us on
Facebook

Haworth & Oxenhope District Bridleways Group was founded with the main aim of working towards protecting and improving our bridleways network and negotiating new off road riding opportunities for the benefit of our members and others alike.

We also run many fun events throughout the year, such as organised rides around the local areas, fun and annual shows, treasure hunts, dressage competitions, jumping demonstrations and pub rides!

Our organised rides run at various dates throughout the year. These rides are a great way to see the beautiful scenery in our area and maybe discover some new rides. Most rides take place mainly off road and sometimes have gates to go through, but all are on bridle paths and have a lead rider showing you the way. Maps are provided so if you wanted to do the ride in your own group this is fine too. Have a look at the website for more details of upcoming rides, where to meet the length of the rides.

HODBG hold a social meeting every month at the Old White Lion Hotel in Haworth.

Juniors meet at 6.45pm followed by the main meeting at 8pm and are open to members and non-members. The meetings are a great way to

socialise and meet like-minded people, and we have a guest speaker at the meetings.

The next meeting is on Tuesday 18th June and the guest speaker is Haworth Riding for the disabled. There will also be an equestrian table top sale at this meeting, if you would like a table to sell some horsey things it is free for members, or £5 per table for non members.

All the meeting dates and details are on the website. In October we have the extra special guest speaker; ex international show jumper Geoff Billington. This is a ticketed event, £6 members and £12 non members. Tickets available to buy at our meetings or from Linton Greenwood Insurance Brokers in Crossroads call in and ask for Pat.

There is a fun, in hand show in July and our annual show takes place on August 30th. For information and schedule please see the website or call Gemma Jackson on 07940 246719.
