This month's community pages are especially full, with Easter events, spring gatherings and local happenings taking place across the area as the season begins to gather pace. There is plenty to look forward to in the weeks ahead, with communities once again making good use of village halls, churches and shared spaces.

As always, we encourage readers to support the local tradespeople and services featured in these pages, whose continued presence helps sustain both the magazine and the wider community.

Have a lovely Easter break and Enjoy April!

# The Garage Door Upgrade That Adds More Than You Think

Home improvements often focus on kitchens, bathrooms, or gardens - but one upgrade is quietly becoming a favourite across the UK: the roller garage door.

A modern roller door instantly improves the appearance of a property, giving it a clean, streamlined finish that suits both traditional and contemporary homes. However, it's not just about looks. Roller garage doors are designed with practicality in mind. Unlike traditional up-and-over doors, a roller garage door opens vertically and rolls neatly into a compact box above the opening. This clever design allows you to park closer to your garage without worrying about clearance space, while also freeing up valuable room inside for storage or larger vehicles.

Garolla has become one of the UK's leading names in roller garage doors by combining sleek design with impressive durability and security. Their doors are manufactured using strong, hard-wearing aluminium slats and feature robust locking mechanisms to help protect your home and belongings. Many models also include built-in insulation, which can help reduce draughts, minimise outside noise, and keep garages warmer during colder months, especially useful if your garage is attached to your home or used as a workspace.

But it's not just about performance - it's about everyday convenience too. Garolla roller doors are electrically operated as standard, opening smoothly at the touch of a remote control. No heavy lifting. No getting out of the car in bad weather. Just simple, reliable access whenever you need it.

With a wide choice of colours, finishes, and optional extras available, homeowners can select a door that perfectly complements their property. Add in free surveys and professional installation, and it's easy to see why so many people are choosing Garolla for a smarter, safer, and more stylish garage upgrade.

**Don't miss out and book your free survey today at 01535 810 075.**

## April Brings New Life Across the Moorland ~ Kate Haslegrave

April is the time when the moors wake up again. After the long, quiet hush of winter, the signs of spring creep back across the hills. The lambs have arrived and the ground-nesting birds have returned once more to the moor, ready to begin another breeding season.

The birds are all busy now, pairing up and getting on with the serious business of courtship. The curlews are back in full voice, their haunting calls drifting across the valley as the males paraglide through the sky in their wonderful display flights. Watching them is something special, as they seem to float and paraglide on the wind above the heather.

And then there are the lapwings, putting on their own spectacular show. Twisting, turning and tumbling through the air in those acrobatic displays of theirs. By the time April ends, spring has well and truly settled in. The clocks change, the evenings stretch out that little bit longer, and we all start hoping for those brighter, warmer days when the sun finally feels as though it belongs back here again. Out on the moor the landscape begins its quiet transformation. The colours shift almost without you noticing at first. Greens begin to deepen and spread as the bilberry, grasses and young ferns start pushing their way back through the soil, bringing life back to the hillsides once more. Almost overnight it seems, the fields begin to fill with tiny lambs, tucked close behind their mothers as they take their first

wobbly steps into the world. Their soft little bleats carry across the valley on the breeze. And after those long winter months, seeing lambs bouncing about through the grass brings a real sense of renewal. It's the countryside waking up again, full of fresh life, hope, and promise.

Every morning Mother Nature turns up without fail, quietly reminding us that even with all the chaos going on in the world, there is still a peaceful rhythm playing out in the morning rituals of the wildlife.

Little by little the moors will continue to wake, the days stretching longer and the hillsides filling with new life. It's a quiet but wonderful transformation that reminds us how special the landscape is. And for those of us lucky enough to call Worth Valley home, it's something worth pausing for every now and then, just to watch, listen, and appreciate.

Kate is a local photographer with a deep passion for nature and the outdoors. Much of her time is spent walking the moors, capturing the ever-changing landscape and the wildlife that calls it home. She is a strong advocate for mental health and wellbeing, believing that time spent in nature can be both grounding and restorative. Through her photography and writing, she hopes to encourage others, to step outside, slow down, and experience the positive impact of the natural world.

**Facebook: Bronte Country** <https://bit.ly/4uCCkUX>  
**Instagram: @solo\_she\_hikes** [bit.ly/4bx8AQF](https://bit.ly/4bx8AQF)

As we head into the main season on the Keighley & Worth Valley Railway, there's that familiar feeling of things picking up pace along the line. While trains run throughout the year, spring is when everything starts to feel a bit busier again, with a fuller timetable, longer days and more going on week to week.

Our regular services run every weekend and through the school holidays, giving plenty of opportunities to get out into the Worth Valley. Some people like to settle in for the full journey from Keighley to Oxenhope and back, while others prefer to take their time, hopping off to explore places like Haworth or enjoying a walk between stations. However you choose to do it, it's a simple, unhurried way to spend a few hours, especially as the countryside comes back into colour.

It's also nice to see the return of the Haworth Haddock and Afternoon Tea trains across the spring and summer. They've become firm favourites for many of our visitors and offer something a little different — a chance to sit back and enjoy the journey at a gentler pace. A couple of our regular events are back

as well. The 1940s Weekend returns in May, bringing a bit of living history to the railway, and in July we're introducing something new with a 1980s Weekend. It should make for a fun contrast and add a different atmosphere along the line.

For those living nearby, it's worth taking a look at the Local Residents' Railcard Scheme. It's now open to people in BD13, BD16, BD20, BD21 and BD22, and offers some useful savings on fares, along with a few extras like discounts on the on-train bar and selected events.

As always, the railway is kept going by a dedicated team of around 800 volunteers, covering everything from footplate crews and guards to workshop, station and behind-the-scenes roles. We're always glad to welcome new faces, so if it's something you've ever thought about, it's well worth getting in touch to find out more.

We look forward to seeing you along the line over the coming months, whether it's for a short trip, a special train, or just a quiet wander through the valley.

~ **Matt Stroh**  
Keighley & Worth Valley Railway Chairman

# Discover your SMILE again

# Denture Problems Look no further...

## Who are we?

**Our Keighley Denture Expert is Matthew Varley (Dip CDT RCS)**

Matthew Varley is the partner and Managing Director of My Denture

Clinics, here he works as a Clinical Dental Technician (Dip CDT RCS).

Matt was born and raised in Pudsey, where he met his wife Angela Varley at school. They have 2 sons; Ray and Austin, he hopes one day they will follow him into the dental profession and share in his passion for dentistry.

Within his 23 years of experience, Matt has changed the lives and smiles of many, some of which are during one day implant immediate loading cases, and same day smiles, which he specialises in. The regular accolades received from clients and patients alike are testament to his passion for his work. Matt has a keen eye for detail and endeavours to provide the best care possible. Matthew completed his dental technology qualification at Leeds Dental Institute, he finished first in his class achieving distinctions throughout and was awarded overall best student and the acclaimed technical achievement award.

Matthew Varley started his journey as a Registered Dental Technician (RDT), however after 23 years experience working as a RDT in highly acclaimed laboratories, Matt made the decision in 2018 to set up his own business alongside fellow business partner Joseph O'Reilly.

Matt also returned to university to further his dental knowledge and become a Clinical Dental Technician, receiving the prestigious royal college of surgeons (Dip CDT RCS).

## How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, **you don't have to suffer badly designed or ill fitting dentures anymore.**

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake.

**Matt creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face.**

He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Matt will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Matt is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Matt's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

**Everybody has the right to smile!**

*Would you like to be more confident?  
Do you suffer from denture discomfort?  
Loose or ill-fitting dentures?  
Afraid to smile?*

**With our clinical denture expert Matthew Varley, who has restored thousands of smiles - you're sure to feel more confident and be you again.**

## From Frustration to Clarity

One of our lovely transformation cases. Patient LS struggled for years. Aesthetics were compromised along with facial support looking very strained. With our Diamond range of dentures, aesthetics were restored with full facial support in the correct position.

*"I have finally got my confidence back, I never imagined I could smile like this. Thank you My Denture Clinic"*

**23 Airedale Road, Keighley  
West Yorkshire BD21 4LW**

*(Please note our new address!)*

**Tel: 01535 603009**

## BEHIND THE SCENES AT THE MUSEUM

Spring is certainly in the air in Haworth this April, with longer, brighter days bringing a refreshing feeling of new beginnings.

This feeling must surely have been felt greatly over 200 years ago, in February 1820, when Patrick Brontë was appointed perpetual curate of Haworth. A couple of months later, in April, Patrick, his wife Maria, and their six children Maria, Elizabeth, Charlotte, Branwell, Emily and Anne, made the 5-mile journey from nearby Thornton to Haworth, which would be their home for the rest of their lives. Elizabeth Gaskell, author of *The Life of Charlotte Brontë*, described Haworth as “a village of a few grey stone houses”, however this doesn't truly reflect that at the time of her first visit Haworth was a busy and industrious township, with many of its population employed in the local mills.

This description is just one of the ways that Gaskell shaped many of the ideas that we have around the Brontës and their life in Haworth, ideas which we now know may not be entirely realistic.

**On Wednesday 22 April at 7pm, join Graham Watson, author of *The Invention of Charlotte Brontë*, as he challenges**

the established narrative to reveal the Brontë family as you've never seen them before. This event is the first in the Charlotte Brontë and Elizabeth Gaskell mini-season, in partnership with Elizabeth Gaskell's House.

Also this spring, you're invited to come along and try out our regular **Stitching Workshop!** No prior stitching experience necessary, everyone is welcome to come along for a stitch and chat. **The group meet every other week, between 10am and 12pm, in The Old School Room on Church Street.** If you're interested in taking part, get in touch with **Brontë Parsonage Museum Outreach Officer, Diane Fare, at [diane.fare@bronte.org.uk](mailto:diane.fare@bronte.org.uk) or by calling 01535 843232.**

## STITCHING WORKSHOPS

Join us twice a month for informal, friendly, and free stitching workshops at the Brontë Parsonage Museum...  
...everyone welcome!

## Classic Rice Krispie Treats

This Rice Krispie Treats recipe makes a sweet, gooey snack that both children and adults love. Made with just four simple ingredients, they're quick, easy and irresistibly chewy.

**Prep time:** 5 minutes

**Cook time:** 5 minutes

**Setting time:** 1 hour

Makes: 9 large squares or 16 small squares

### Ingredients

115g salted butter

450g mini marshmallows, divided (approx. 200g + 50g reserved)

1 teaspoon vanilla extract

150g crispy rice cereal

### Method:

Grease a 20cm square tin with butter. Set aside.

Melt the butter in a large saucepan over medium heat. Add roughly 400g of the

marshmallows, reserving about 50g for later. Stir occasionally until completely melted and smooth.

Remove from the heat and stir in the vanilla extract.

Add the crispy rice cereal and stir well until evenly coated in the marshmallow mixture. While still warm, stir in the remaining marshmallows to make the treats extra gooey.

If they're not softening slightly, return the pan to a very low heat for a few seconds. You don't want them fully melted — just gently softened.

Spoon the mixture into the prepared tin. Lightly butter your hands or use a spatula to gently press into an even layer. Avoid pressing too firmly, or the treats may become dense.

Leave to cool and set for at least 1 hour before cutting into squares.

Enjoy!

## F & D Pest Control

In an industry often associated purely with eradication, F & D Pest Control established in 2007 stands apart. Fully compliant and proud members of the British Beekeepers Association, the company originally entered pest control with one surprising mission: to save honeybees.

Each year, thousands of honeybee swarms are mistaken for wasps. A swarm of up to 60,000 bees can appear suddenly in a garden, forming what looks like a dark cloud before settling on a tree or fence. To the untrained eye, they can resemble brown wasps — but in reality, they are usually calm and simply relocating.

This usually happens between March and May  
As trained beekeepers and pest controllers, F & D designed a specialist

low-suction vacuum system to gently collect swarms without harm. The bees are transferred into prepared hives, allowing them to establish new colonies. Last year alone, the team saved 23 swarms, later benefiting from the honey those colonies produced.

Beyond bee conservation, F & D Pest Control is fully qualified to treat rats, mice, bedbugs, carpet beetles, cluster flies, woodworm, cockroaches, fleas and lice and ants

Listed on the professional pest control register (Basis Prompt) and members of Think Wildlife, the company takes environmental responsibility seriously. When treating rodents, F & D Pest Control carefully selects rodenticides that do not cause secondary poisoning so in the event an Owl was to eat a mouse that had ingested rodenticide then the owl would not die from secondary poisoning. By combining professional compliance, innovation and environmental awareness, F & D Pest Control proves that modern pest management can protect both homes and wildlife.

F & D Pest Control works with both domestic and commercial clients in West Yorkshire.

YORKSHIRE  
LOFT LADDERS

## Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overriding principles. At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
