The main bulk of our work is responding to emergencies. People who

Firstly thank you for allowing me into your home via the community magazine! I hope this finds you and your family well. I'm grateful to have the opportunity to tell you more about myself and my business. I set up In House Securities Ltd in October 2005 and we have grown to be a small family run business. I'm Craig the owner. There is my wife Mandy and my son-in-law Ben who work in the business with me. If you call us, you will speak to either myself or my son-in-law Ben. Occasionally, it could be Mandy, although Mandy does not work on the tools like myself and Ben; she's more office based.

have been burgled, locked out, had keys stolen and have broken locks to name but a few. For these reasons we are often called the fourth emergency service; (no, we don't have any flashing lights!)

We do work extremely hard in our business but we also understand that a work/life balance is really important in order to be healthy and happy. Time to spend with the ones we care about is paramount too.

The aim is to provide a trusted service to the local community within the locksmiths trade.

Business changes so fast and it's no mean feat to keep one step ahead. Here at In House Securities Ltd we know what we do is valued (just read our reviews) but it's the personal way in which we go about our business that our customers tell us makes the real difference. We know this because we've taken the time to ask them.

If you would like a quote we don't just take a wild guess over the phone and add on some profit. We come to your home/premises and talk you through the options at no cost to you; (yes, you heard it right) there is no call out charge with us, just labour and parts if you choose to go ahead.

Looking over the past seventeen years in business we have seen and been through quite a lot; Mandy often tells me I should write a book.

The main point is, we have a vast amount of experience in the field and you will be in safe hands when you choose to use us. So if you or a member of your family ever need the services of a locksmith I do hope you will give In House Securities a call.

From our family to yours, we wish you a happy and safe 2023.

# Winter in the BRADFORD DISTRICT

Whether you're planning a fun packed day out with the family, searching for Christmas shopping inspiration, looking to establish new traditions or celebrating some old ones, Bradford has an abundance of activities to enjoy over Christmas and the New Year.

With Haworth village trimmed with twinkling lights, an array of independent traders to tempt you, the Christmas in Haworth events every weekend leading up to Christmas are the icing on the Christmas cake.

- **Christmas Music Weekend 10th- 11th December**, throughout the weekend, traditional Christmas carols and festive favourites will be performed down Main Street.
- **Nativity Weekend 17th- 18th December**, gather around the Christmas tree at the bottom of Main Street and meet Joseph, Mary and the donkeys as they make their way up the hill, in search of a resting place.

There will be late night Christmas shopping in Haworth on the 22nd December, or once you've ticked off your list, why not book on the Keighley & Worth Valley Mulled

Wine Special, running on selected Fridays, you'll steam past the beautifully decorated stations, all ready for Christmas, and enjoy a glass of mulled wine and a mince pie.

Over at East Riddlesden Hall it's the time of the civil war and Christmas is banned throughout the country by Parliament. However, Royalist James Murgatroyd decides to open the doors of East Riddlesden Hall and host his own secret Christmas for the local families. From 17th-21th December head into the house for crafting and storytelling. See the Yule log decorated in the fireplace and find a special present for each child. Booking in advance is advised.

For a unique winter experience, Cliffe Castle Museum is the place to be. On Saturday, December 4th celebrate the launch of Photosynthesis at the glasshouses. The event will see Cliffe Castle's glasshouses covered in photographic images created using plant based techniques. Visitors to the event will be the first to see the launch of the lightshow which will be accompanied on the night by a festive soundtrack from

Haworth Brass Band and Keighley Rock Choir. Winter warmer refreshments will also be available.

Winter can be a wonderful time to get out and try something new! Lace up your skates and glide into Christmas, join the family session or family disco at the Bradford Ice Arena where penguin/snowmen aids are available for the perfect winter experience, or why not try learning a new skill or craft, try your hand at festive wreath making at Tyro Studios, Shipley, crochet Christmas gnomes at Mrs Duttons Wonderful Workshops, Ilkley, or have a go at festive macramé at The Craft House, Bingley.

The Saltaire Living Advent Calendar will begin opening its windows from 1st December, this magical event sees windows

light up daily throughout the month in houses, schools, shops and churches and stay lit every evening until 1st January. Window designs remain a secret until revealed at 4pm on their light-up date, and typically include traditional and

modern festive scenes, quirky characters and tales influenced by Saltaire, culture, and the lives and experiences of the window creators, often with a good sprinkling of festive humour!

Be entertained at wonderful museums, galleries and exhibitions, from the National Science and Media Museum in Bradford, with its interactive exhibits and IMAX cinema, to the intimate Manor House in Ilkley, the engaging Brontë Parsonage Museum in Haworth and inspiring Salts Mill in Saltaire. With changing exhibitions, they're a great place to spend some quality time and their shops can be the perfect place to find an interesting and unique gift!

Take advantage of the Christmas break to book your tickets for Van Gogh Alive, this unique installation will be in Bradford until 8th January 2023. Live music, theatre and cinema are a great way to transport you from the dark winter nights, the Alhambra Theatre pantomime Jack and the Beanstalk runs until 22th January 2023. Check out Bradford Theatres for more events coming up this festive season and into the New Year.

Put some sparkle into your winter and start planning your next trip now.

## Local Estate Agency Gives Back £5,000 to School Children

**A multi-award-winning family-run estate agency has hit a landmark figure in its support for local schools.**

Helen and Michael from **Leightons Estate Agency** based in Cross Hills, have donated more than **£5,000 in 4 years to 11 schools** in the South Craven catchment area.

The agency donates from its commission each time it sells a home.

Michael Leighton said, "We tally up all the sales we make over the academic year. Then we make our donations. Our two boys attend local schools, so it is something we felt passionate about doing. Local schools have been up against it in terms of funding, so we wanted to try to support them and their pupils." Donations have been put to good use by helping fund school trips, books for the school library, sports and playground equipment and other projects.

Aside from its community work, the agency has won several awards for its service, marketing and expertise. Michael added, "We take pride in what we do and feel honoured to be able to help our clients and our community."

We know Christmas is all about Santa, and we know that many of you think the same because our Elf Explorers are now very nearly full. However, we continue the celebrations between Boxing Day and 2nd January with our ever-popular Mince Pie special services, and this year for the second time, we are running Mulled Wine specials on 9th and 16th December so there are plenty of ways for you to join us to celebrate over the festive period.

With so much going on, December is always a period of intensive operation for the Railway, and our 750+ volunteers work tirelessly in the run-up to the arrival of Santa and his Elves as we prepare the historic carriages and steam locomotives for the busy month of festivities. However, all the behind-the-scenes work continues on routine maintenance of the 150-year-old railway infrastructure and rolling stock. We have just welcomed back into traffic a locomotive after a three-year overhaul, which will see it ready to run for another decade before a full overhaul is again required.

All steam locomotives require such an overhaul at least every ten years, and so planning is well underway for the next round of restorations to keep the fleet ready for the next half-century and more of operation.

2023 will be another big year for the Railway, as we enter the 55th year of operation by the Preservation Society, and we will also be part of the celebrations of the National Railway Museum's "Flying Scotsman" which turns 100. The nation's favourite locomotive will be based on the Railway in May, with a whole host of events during the month to mark the 100th birthday.

As ever, keeping the increasingly elderly wheels turning takes a huge volunteer effort, so I would ask you to consider joining the Railway's volunteering team, perhaps as one of your new year's resolutions...

In the meantime, all the very best for the festivities, and my sincerest thanks for your continued support.

~ **Matt Stroh**

# Discover your SMILE again

## Who are we?

**Our Keighley Denture Expert is Joseph O'Reilly (Dip CDT RCS)**

Joseph qualified from Leeds Dental Institute as a dental technician and continued to do work for some of the UK's best surgeons. Through his constant passion for his work, he then enrolled for the prestigious Clinical Dental course at the School of Dentistry University of Central Lancashire in Preston. During this time, despite his tender years, his determination and focus pushed him to be recognised as one of the youngest qualified clinical technicians in the UK being awarded a Diploma from the Royal College of Surgeons Edinburgh. Joseph has a passion for the industry, his eye for detail and careful planning ensures only the best results, giving his patients peace of mind and great clinical results. He has now been creating smiles for over 18 years He is currently working closely with Taylored Dental Care in Keighley. Assessing patients who have had problems with their dentures and providing them with options to correct these.

## How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, you don't have to suffer badly designed or ill fitting dentures anymore.

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake,

Joseph creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face. He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Joseph will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Joe is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Joseph's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

# BEHIND THE SCENES AT THE MUSEUM

by Sassy Holmes

My name's Sassy, and I'm the Programme Officer at the Brontë Parsonage Museum. It's my first Christmas here at the Museum - what a beautiful time to be in Haworth!

My walk to work takes me past the magical lights on Main Street, up to the doors of the Parsonage. Inside, you'll find the historic rooms decorated with wreaths and garlands of foliage, transporting you to Christmas in the 1840s. You can't help but feel cosy inside the Brontës' house, with the gentle (but persistent!) rain pattering against the windows. There's still time to see our special exhibition **'Defying Expectations'** about Charlotte Brontë's clothing: we'll be open right up until 5pm on Friday 23 December.

And then it's the end of the year! Can you believe 2022 is coming to a close? What a year it's been. I joined the Brontë Parsonage Museum in January, and looking back we've had such an exciting twelve months. Some personal highlights include our first **Big Brontë Clothes Swap**, where we invited everyone to come together and trade their unwanted garments. It was lovely to have people from Haworth (and beyond) join us for a cup of tea, a piece of cake and a natter about sustainability. This year, we've worked with South Square Centre in Thornton to pilot our **'Brontë Babies'** sessions. At each event, we welcomed an early years audience to our sensory Brontë world, and

led a Makaton story time about Charlotte Brontë. I programmed my first **Brontë Festival of Women's Writing**, bringing together contemporary writers and artists who defy expectations. That's just a few of the events we've had the pleasure to deliver. Thank you to everyone who has visited us or participated in our programme this year. Looking forward, 2023 brings with it new horizons. In January we'll be closed during the week, as we will be undertaking important conservation and maintenance work. This will include carefully

removing objects from display cases and paintings off walls in order to inspect their condition. We will also be busy installing our new exhibition. But if you'd like to visit in January don't worry! We'll still be open at weekends.

From Wednesday 1 February, the Brontë Parsonage Museum will open Wednesday – Sunday, 10 am – 5pm. Please come and see our 2023 exhibition and take a look at next year's exciting programme of events. We'll be back with **Thursday Talks, Parsonage Unwrapped, Big Brontë Swaps**, and much more. Until then, from all of us at the Museum, **Merry Christmas and a Happy New Year!**

## Easy American turkey stuffing

This is a simple and delicious stuffing recipe prepared by millions of Americans and served at a traditional Thanksgiving meal; Delia Smith (amongst other British cooks) adopted it as a perfect Christmas accompaniment. It is not so far from the familiar sage and onion stuffing served in Great Britain, though with added flavour and flair.

### Ingredients

½ level teaspoon ground mace  
 1 level dessertspoon fresh thyme, chopped  
 1lb (450g) best-quality thin pork sausages, skinned and sliced into 1cm chunks  
 1 small lemon, grated zest  
 1 egg, beaten (optional)  
 3oz (50g) butter  
 4oz (110g) walnuts, chopped  
 4 sticks celery, cut into 1cm chunks  
 6oz (175g) sourdough, cut into 1cm cubes  
 8oz (225g) Bramley apples, peeled, cored & chopped  
 8oz (225g) onions, chopped fairly small  
 salt & freshly milled black pepper

### Method

1. Begin by melting the butter in a large frying pan and lightly fry the chopped onions, celery, apple and chunks of sausage until they become golden at the edges (this will take about 10 minutes).
2. After that tip these into a large mixing bowl and add all the remaining ingredients. Mix very thoroughly, seasoning well.
3. Spoon the stuffing into the cavity under the flap of skin at the neck of the turkey. It won't all fit. Don't panic...the rest can go in a buttered casserole dish and bake in the oven for an hour or so until golden and crispy on top. (Cook at the temperature you are using to roast the turkey).

Makes enough for a 12-14lb (5½-6½kg) turkey, feeding 12 people.

*Resist the temptation of serving a packaged stuffing mix this Christmas.*

YORKSHIRE  
LOFT LADDERS

## Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overniding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
